**SUBJECT: WAGE AND CONTRIBUTION REPORTING INFORMATION
SESSIONS**

California Public Employees' Retirement System (CalPERS) is working on the next phase of the On-line Member and Employer Transaction System which is the incorporation of the employer and participant service and contribution accounting functionality. Payroll wage and contribution reporting will be enhanced. The enhancements will require changes to the current payroll file formats for those employers who report electronically. Additional reporting methods will be available as well. CalPERS will be conducting informational sessions for payroll and information technology personnel to discuss the enhancements to the wage and contribution reporting system and other self-service features.

Topics to be covered:

- Why changes are needed?
- What's new? What's going away? When will changes occur?
- How will wage and contribution reporting be affected?
- What kind of information will be available? How will it be available?

Attached is a schedule of the sessions* and a sign-up sheet. Please complete the sign-up sheet and fax it to (916) 341-2046, or you can call for reservations: (916) 795-0396. Seating is limited. You will receive a confirmation that your reservation has been received along with a map to the location you have selected.
